## Notes:

During the competition players with equal points will be shown sharing the same position on the leaderboard and are listed alphabetically.

At the conclusion of the Winter League any players tied in first position are ordered by points scored on the last 9 holes using the last of the 3 counting card submitted by each player. If there is still a tie, the last 6 holes are matched (then last 3 holes and finally best last hole as required)

If a winner can still not be determined then countback procedure as outlined above will be used on the second counting card and subsequently first counting card if required.

The best 3 rounds by each player count towards their total.

COUNT identifies the number of scores counting for each player.
