71	**Mylvaganam Suren**	1	**89**	89
72	**Richard Wakeman**	1	**90**	90

Notes:

Winner with the best 3 Net scores from May, June, July & August Medals

During the competition players with equal net score will be shown sharing the same position on the leaderboard and are listed alphabetically.

At the conclusion of the Stevens Salver any players tied in first position are ordered by net score on the last 9 holes using the last of the 3 counting cards submitted by each player. If there is still a tie, the last 6 holes are matched (then last 3 holes and finally best last hole as required)

If a winner can still not be determined then countback procedure as outlined above will be used on the second counting card and subsequently first counting card if required.

The best 3 rounds by each player count towards their total.

COUNT identifies the number of scores counting for each player.

Where players have the same total, players are ordered by best last 9 holes (summed using the players' best scores). If there is still a tie, the best last 6 holes are matched (then last 3 holes and finally best last hole, as required).
